Dear Jennifer Thorvaldson:

This email is to acknowledge that the Public Service Commission of South Carolina has received your Letter of Protest. Please be advised that your Letter of Protest will be placed in the Protest File of the Docket listed below and on the Commission's Website at www.psc.sc.gov.

- Docket No. 2020-125-E - Application of Dominion Energy South Carolina, Inc. for Adjustment of Rates and Charges (See Commission Order No. 2020-313)

A Protestant is an individual objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but cannot cross-examine witnesses offered by other parties.

According to the Commission's Rules of Practice and Procedure, filing a Protest does not make you a Party of Record. A Protestant desiring to become an Intervenor (i.e., a Party of Record) in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission.

You can follow this Docket and other daily filings made at the Commission by subscribing to the Commission's Email Subscriptions at: <https://dms.psc.sc.gov/Web/Email>; or you may follow specifically Docket No. 2020-125-E at: <https://dms.psc.sc.gov/Web/Dockets/Detail/117462>.

If we may be of further assistance to you, please do not hesitate to contact us.

Sincerely,

Becky Latimer

Latimer, Becky

Subject: [External] Dominion Energy - Docket 2020-125-E

I am writing to oppose any increases for Dominion Energy. South Carolina residents already pay 23.36% greater than the national average. It is an unacceptable burden on the consumer to raise prices yet especially during a pandemic where many people are out of work or at the very least less work. Our kids are home more due to schools being online or on a hybrid model which means our food budget and power budget are already up above what we can afford. A price increase when the power company is already getting more money from us this year, amid epic economic instability is unbelievable and unacceptable.

These corporations need to be held accountable for their mistakes and not pass the cost on to others. The whole failed VC Summer nuclear plant fiasco is not the fault of the public nor is it the fault of the consumers.

Thank you for allowing the people of South Carolina, the customers of Dominion, have a say in this matter. After all, it's not like we have a choice of providers.
